

SAFETY DATA SHEET

BICON X1 INHIBITOR COMPOUND

ISSUE DATE: 12th January 2022

Section 1: Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier

BX1 Inhibitor compound UFI HMT7-3WTD-7S0P-TSPT

1.2 Relevant identified uses of the substances or mixture and uses advised against

Corrosion inhibitor in electrical joints / connections

1.3 Details of the supplier of the safety data sheet

Company information: Prysmian Cables and Systems Ltd

Oak Road, Wrexham Industrial Estate,

Wrexham LL13 9PH

Telephone: +44 (0)1978 66 2375

e-mail: <u>dave.lamb@prysmian.com</u>

1.4 Emergency telephone number: +44 (0)1978 66 2216

Section 2 : Hazards identification

This product is a mixture

2.1 Classification of the substance or mixture

Classification according to Regulation (EC) 1272/2008 (EU "CLP" Regulation): Acute aquatic toxicity (Category1), H400 Chronic aquatic toxicity (Category 1), H410

For the full text of H statements mentioned in this section, see section 16

2.2 Label elements

Labelling according to Regulation (EC) 1272/2008 (EU "CLP" Regulation):

Pictogram:

Signal Word:

WARNING

Hazard Statement(s):

H410 Very toxic to aquatic life with long lasting effects

Precautionary Statement(s);

P273 Avoid release to the environment

P501 Dispose of contents / container to an approved waste disposal plant.

Supplementary hazard statements:

None

2.3 Other hazards

None

Section 3 : Composition / information on ingredients

This product is a mixture

Chemical Name	REACH Registration Number	CAS Number	Classification	Concentration
Zinc powder	01- 2119467174- 37-XXXX	7440-66-6	Aquatic Acute 1; Aquatic Chronic 1; H410	50%
Lubricating grease. A complex mixture of C12 to C50 hydrocarbons		7440-219		30-60%
Mica		12001-26		5-10%
Talc		14807-96-6		1-5%

Section 4 : First aid measures

4.1 Description of first aid measures

General information: Consult a physician. Show this data sheet to the doctor in attendance

Inhalation: Clear air passage. Seek medical help if respiratory difficulty persists.

Skin Contact: Remove contaminated and launder before re-use. Wash with skin cleanser

followed by soap and water. If necessary, seek medical attention.

Ingestion: Wash out mouth immediately. Seek medical help

Eye Contact: Flush eyes with plenty of water until residual material is gone. Seek

medical attention if irritation persists.

4.2 Most important symptoms and effects, both acute and delayed

No specific effects and/or symptoms have been reported or are known

4.3 Indication of any immediate medical attention and special treatment needed

Data not available

Section 5 : Firefighting measures

5.1 Extinguishing media

Water mist, dry powders, carbon dioxide, alcohol foam, sand or earth. Do not use water jet

5.2 Special hazards arising from the substance or mixture

Zinc. Zinc oxides

5.3 Advice for firefighters

Wear self-contained breathing apparatus

5.4 Further information

Data not available

Section 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

Avoid breathing vapours, mist or gas. Ensure adequate ventilation.

6.2 Environmental precautions

Prevent leakage or spillage. Prevent product from entering drains / surface water / ground water. Discharge into the environment must be avoided.

6.3 Methods and material for containment and cleaning up

Scrape up bulk, wipe up remainder and cover surface with absorbent material (eg diatomaceous earth) to avoid slip hazard

6.4 Reference to other sections

See Section 13 for disposal information.

Section 7: Handling and storage

7.1 Precautions for safe handling

No special requirements. Use in a well ventilated area.

7.2 Conditions for safe storage, including any incompatibilities

Store in a cool dry location. Product has indefinite shelf life if stored in original container which is re-sealed after use.

7.3 Specific end use(s)

See Section 1.2

Section 8 : Exposure controls / personal protection

8.1 Control parameters

No occupational exposure limits have been assigned to this material.

8.2 Exposure controls

Appropriate engineering controls:

Observe normal safety and hygiene standards Wear suitable overalls and gloves (nitrile or neoprene) and eye protection. Wash hands after use.

Section 9 : Physical and chemical properties

9.1 Information on basic physical and chemical properties

Appearance: Grey semi-sold paste
Odour: Faint petroleum
Odour threshold: Data not available
pH: not applicable

Melting point: 138 °C
Boiling point: 274 °C
Flash point: >220 °C

Evaporation rate: Data not available

Flammability

Upper/lower flammability

or explosive limits Upper limit 7%, lower limit 0.9%

Vapour pressure Data not available Vapour density Date not available Relative density 1.78 g/cm³ @ 20°C

Solubility in water: Insoluble

Solubility in other

ingredients: Miscible with most organic solvents

Partition coefficient

Octanol/water:

Auto-ignition temperature

Decomposition temperature

Viscosity (dynamic):

Explosion properties:

Oxidising properties:

Data not available

Data not available

Data not available

Data not available

Not oxidising.

9.2 Other information

No additional data available

Section 10: Stability and reactivity

10.1 Reactivity

Not reactive to materials commonly used in the transportation, handling and storage of industrial materials.

10.2 Chemical stability

Stable under normal ambient conditions

10.3 Possibility of hazardous reactions

Data not available

10.4 Conditions to avoid

Powerful sources of ignition

10.5 Incompatible materials

Strong oxidising agents. Acids and bases.

10.6 Hazardous decomposition products

Smoke, airborne soot and metal oxides carbon oxides

11. <u>Toxicological information</u>

11.1 Information on toxicological effects

Acute toxicity Data not available Skin Corrosion / Irritation Data not available Eye Corrosion / Irritation Data not available Sensitisation Data Data not available Repeated dose toxicity Data not available Carcinogenicity Data not available Mutagenicity Data not available Toxicity for reproduction Data not available

12. Ecological information

12.1 Toxicity

Toxicity to fish LC50 (Carp) - 450µg/l – 96h (based on zinc)

Toxicity to daphnia LC50 (Water Flea) – 0.068 mg/l – 48h (based on zinc)

12.2 Persistence and biodegradability

Data not available

12.3 Bioaccumulative potential

Data not available

12.4 Mobility in soil

Data not available

12.5 Results of PBT and vPvB assessment

Data not available

12.6 Other adverse effects

Very toxic to aquatic life with long term effects

13. <u>Disposal considerations</u>

13.1 Waste treatment methods

Product: Waste incineration with the approval of the responsible local authority.

Packaging: Dispose of as unused product

Section 14: Transport information

14.1 UN Number

UN3077

14.2 UN proper shipping name

Environmentally hazardous substance, solid, N.O.S. (Zinc powder (stabilised))

14.3 Transport hazard class(es)

Class 9

14.4 Packing group

Packing Group III.

14.5 Environmental hazards

Marine Pollutant

14.6 Special precautions for user

None identified

14.7 Transport in bulk according to Annex II of MARPOL 73/78 and IBC code

EHS mark required for single and combination packagings containing >5kg zinc

Section 15 : Regulatory information

This Safety Data Sheet has been prepared in accordance with the requirements of regulation (EC) No 1907/2006

Relevant regulations:

Regulation (EC) 1272/2008 (EU 'CLP' regulation)

Regulation (EC) 790/2009 First Adaptation to Technical Progress (ATP) for CLP regulation

EU Directive 67/548/EEC ('Dangerous Substances Directive')

Regulation (EC) No 1907/2006 ('REACH') Regulation (EU) No 453/2010.

15.1 Safety, health and environmental regulations specific for the substance or mixture

None applicable

15.2 Chemical safety assessment

A chemical safety assessment has not been undertaken for this mixture

Section 16 : Other information

Full text of H Statements referred to in Sections 2 and 3:

Aquatic Acute Acute aquatic toxicity
Aquatic Chronic Chronic aquatic toxicity
H400 Very toxic to aquatic life

H410 Very toxic to aquatic life with long lasting effects

This SDS is the third version of this SDS for this product.

This information is believed to be accurate and represents the best information available to the company at this time. This information is provided as a guide to the hazards and respective safety precautions relevant to this product. This SDS does not represent any guarantee of performance or specification. The information relates only to the product specified and may not be suitable for combinations with other materials or in processes other than those specifically described herein
